OUR VISION

We envision a community where:

- every person can experience nature every day;
- teachers and environmental ed providers have the resources to grow programs;
- environmental literacy is embraced as an essential component in child development, healthy communities, and environmental stewardship.

WHO WE ARE

People like you. We collaborate with teachers, school districts, program providers, non-profits,

Environmental Education Collaborative

Environmental Education Collaborative

Environmental Learning Resources was developed to help educators find inland programs and sites that can help them teach about natural resources, agriculture, and environmental topics. The free guide features:

-  Organizations offering environmental education services
-  Field trip opportunities and ideas
-  Information on museums, camps, nature/interpretive centers
-  Links to online resources.
