Subject: FW: Additional items needed for Cox Creek Cleanup

John,

I have not heard from Marcia over at contracting regarding Matts email for modifying the current blanket contract for the creek/bay cleanup. Can you help me out to see what status is?

Thanks,

Porfirio Arguellez III

Marcia,

Can you provide status on whether the below equipment has been approved for use for the blanket contract for Cox Creek Clean up?

Thanks,

Porfirio Arguellez III

Marcia

We need to modify the 7S-HORIZ again in order to maximize cleanup efforts. See pricing and items below in table format. Also, not included in the table is the hourly rate for a Supervisor. It is highlighted in yellow below. We need this ready by tomorrow so we can have the crew on the water.

Please let me know if you have any questions.

Thanks,

Matt
